ORGANIZEN

The WhatsApp assistant

What is it?

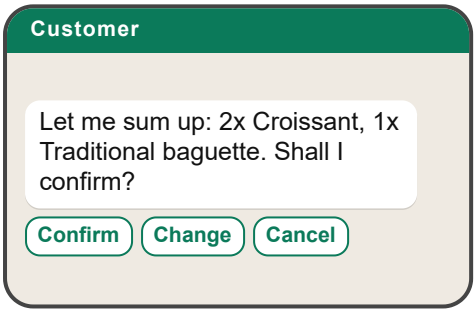

It is a little robot inside WhatsApp. It answers your customers when you are busy. It also takes appointment requests.

HOW IT WORKS

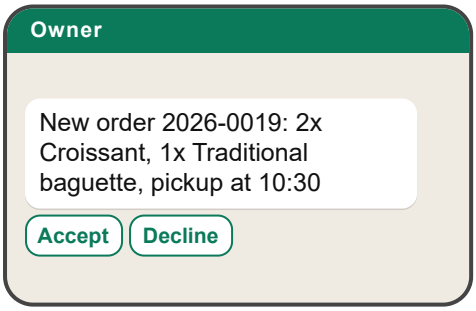

1 The customer writes.

They write their order in their own words, like to a friend.

2 The robot repeats it.

The customer only has to tap a button.

3 You tap Accept.

The order reaches your phone. The customer is told within seconds.

WHAT IT CHANGES FOR YOU

- Your hands stay free while the robot answers.
- You retype nothing: the order arrives ready.
- You see the request and you decide.

WHAT IT DOES NOT DO

- Payment is on site: no online payment. No order goes into the cash register.
- For an appointment, you are the one who confirms. It does not answer the phone.

ORGANIZEN

The WhatsApp assistant

WHO DOES WHAT

The shop's number
That is the robot. Your customers write to it, as before.

Your phone
It receives the orders. You tap Accept or Ready.

Your customers
Nothing to install. They write to the shop's number.

SET UP IN 3 STEPS

1. We connect the shop's WhatsApp to the robot. You keep your number.
2. You give us your menu and your hours. A photo is enough.
3. You give us your cell number. That is the phone that receives.

TO SHOW IT IN 1 MINUTE

1. The prospect plays the customer. They write an order to the demo number.
2. You play the owner. The order reaches your phone.
3. You tap Accept. They see the reply arrive on their phone.

WHAT TO SAY

"Your customers order on WhatsApp. You tap Accept. That's it."

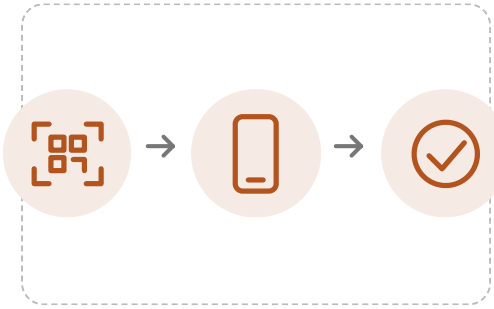

ORGANIZEN

The WhatsApp loyalty card

What is it?

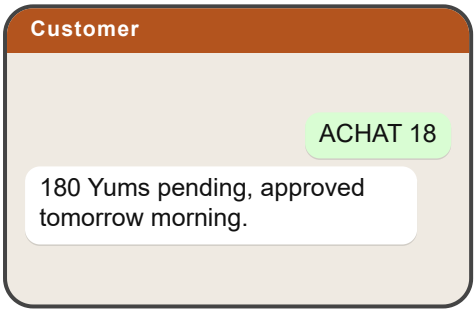

It is a points card that lives inside WhatsApp. The points are called Yums. No app, no card to lose.

HOW IT WORKS

1 The customer scans.

They scan the QR code at the counter. WhatsApp opens by itself.

2 They earn points.

They answer OUI. They send a photo of the receipt, or ACHAT 18.

3 They get their gift.

At the goal, a Bravo message arrives by itself. The gift waits at the shop.

WHAT IT CHANGES FOR YOU

- Your best customers have a reason to come back.
- The customer writes SOLDE and sees their points anytime.
- You can send them an offer, one per week at most.

WHAT IT DOES NOT DO

- It is not connected to the cash register. There is no app.
- Points from a receipt are approved the next day. No monthly summary for now.

ORGANIZEN

The WhatsApp loyalty card

WHO DOES WHAT

The shop’s number
That is the robot. It counts the points and sends the offers.

Your phone
You write AJOUTER, PROMO or RESTE. Only this phone can.

The QR code on the counter
The customer scans it. They answer OUI. They are in.

SET UP IN 3 STEPS

1. We link the robot to the shop’s number.
2. You choose the gift and the threshold. We print the QR code.
3. You give us your cell number. That phone commands the robot.

TO SHOW IT IN 1 MINUTE

1. The prospect scans the demo QR code. They answer OUI.
2. You write AJOUTER 20 and their number, from your phone.
3. They see their points arrive. Then they write SOLDE.

WHAT TO SAY

“No more paper card. The points arrive in WhatsApp.”

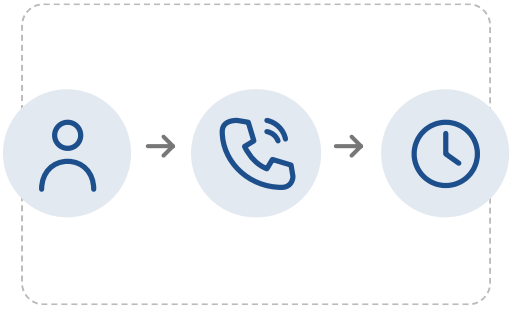

ORGANIZEN

Vocalia, the phone service

What is it?

Vocalia answers the phone for you. It says right away that it is an automatic assistant.

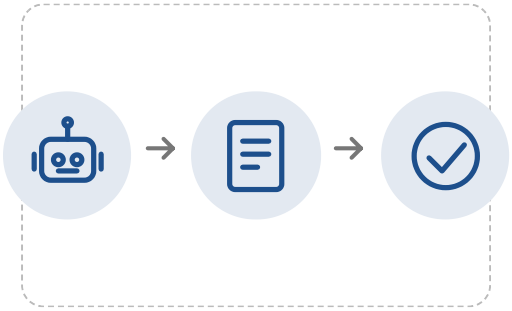

HOW IT WORKS

1

The customer calls.

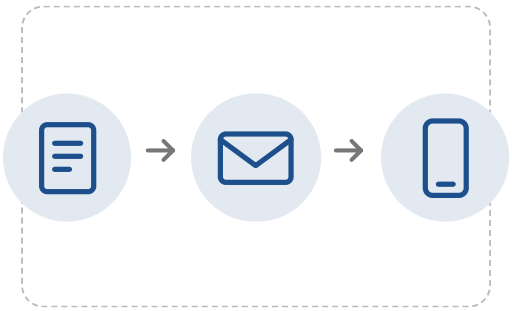

You cannot pick up. The phone rings.

2

Vocalia answers.

It asks its questions. It notes the name, the request and the time slot.

3

You get a summary.

The summary arrives in writing. You call back.

WHAT IT CHANGES FOR YOU

- A missed call becomes a written request.
- The caller talks right away to someone who answers.
- You keep your number.

WHAT IT DOES NOT DO

- It does not put the live call through to a person. It takes no payment.
- It does not call your customers: it only answers incoming calls.

ORGANIZEN

Vocalia, the phone service

WHO DOES WHAT

The shop's number
When you do not pick up, the call goes to Vocalia.

Vocalia
It answers, asks its questions, writes down the request.

You
You get the summary in writing. You call back when you want.

SET UP IN 3 STEPS

1. We set up Vocalia with your hours and your services.
2. You turn on call forwarding with your carrier. Two minutes.
3. You tell us where to send the summary: email or WhatsApp.

TO SHOW IT IN 1 MINUTE

1. The prospect calls the demo number. You let them talk.
2. Vocalia answers and asks its questions. They hang up.
3. You show them the summary received on your phone.

WHAT TO SAY

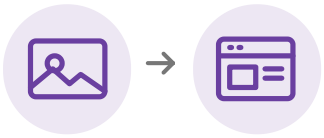

"A missed call becomes a written message. You keep your number."

ORGANIZEN

Allure, your store's website

What is it?
Allure builds your store's website. It looks great and it moves.

HOW IT WORKS

1 **We start from your photos.**
We start from your real photos.

2 **The site opens.**
Your customers browse it like a real website.

3 **We talk for 15 minutes.**
Next step: a 15-minute appointment.

WHAT IT CHANGES FOR YOU

- Visitors see your real photos.
- For an online store, the customer gets an order confirmation.
- You also get an alert on your phone.

WHAT IT DOES NOT DO

- The cart reminders and the follow-up after a purchase are installed.
- They are still waiting for their first real case.

ORGANIZEN

Allure, your store's website

WHO DOES WHAT

You
You give your real photos and your words.

We
We build the site. It sends the confirmations by itself.

Your customers
They visit, order, and get a confirmation.

SET UP IN 3 STEPS

1. We talk for 15 minutes. You tell us what you sell.
2. You send your photos. We build a first page.
3. You approve. We put it online.

TO SHOW IT IN 1 MINUTE

1. Open an Allure demo on the tablet.
2. Let them browse the site. They touch, it moves.
3. Place a test order. Show the alert on your phone.

WHAT TO SAY

"A site that makes people want in, built from your real photos."

ORGANIZEN

Quote, Stock and Till pack

What is it?

This pack helps you write quotes. It also keeps your equipment for the right day.

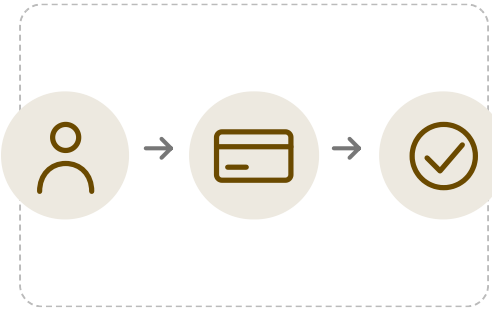

HOW IT WORKS

1

The quote goes out.

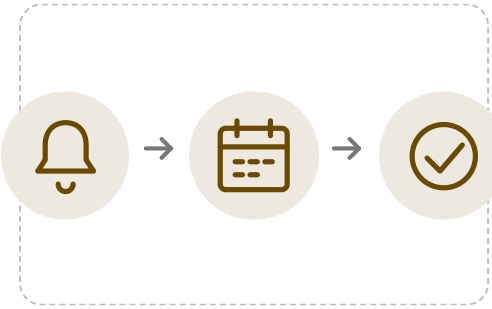

The quote is priced in a few minutes. It goes out by email.

2

The customer answers.

They open their page. They accept, decline, or pay the deposit by card.

3

You are alerted.

An alert arrives at every step. The equipment is booked for the right day.

WHAT IT CHANGES FOR YOU

- The customer answers on their own page, no paperwork.
- The deposit goes to your own Stripe account, not ours.
- You are warned when a date is no longer free.

WHAT IT DOES NOT DO

- It is in trial. The till is not yet connected to a real till.
- It is not a till: it takes no payment in the shop.

ORGANIZEN

Quote, Stock and Till pack

WHO DOES WHAT

You
You price the quote. It goes out by email.

The customer
They open their page. They accept, decline or pay the deposit.

Your phone
An alert at every step. And when a stock runs low.

SET UP IN 3 STEPS

1. You give us your list of items. One file is enough.
2. You set a threshold for each item.
3. You give us your cell number. The alerts arrive there.

TO SHOW IT IN 1 MINUTE

1. Send a test quote to the prospect. They open it on their phone.
2. They tap Accept. The alert arrives on yours.
3. Show the drawn Low stock alert in the toolkit.

WHAT TO SAY

“The quote goes out in minutes. The customer answers on their page.”

ORGANIZEN

Dining Room Watch

What is it?

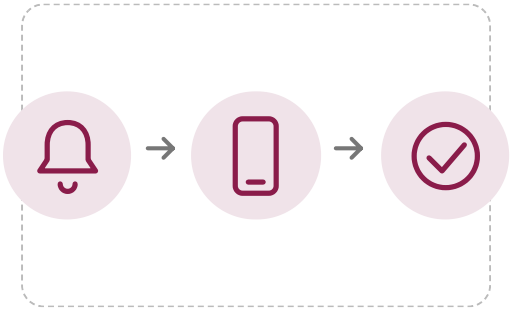

A camera watches your restaurant's dining room. It sees which tables are waiting.

HOW IT WORKS

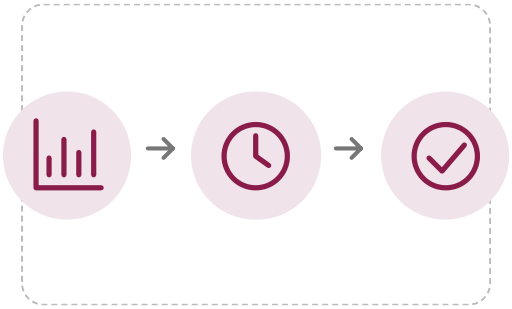

1 **The camera watches.**

The camera you already have watches the tables.

2 **The team is alerted.**

Staff get a reminder on their phone. They confirm with a button.

3 **The week's summary.**

At the end of the week, you see your real peak hours.

WHAT IT CHANGES FOR YOU

- A table that is waiting no longer gets forgotten.
- No stored video, no faces: only the state of the tables.
- You finally know your real peak hours.

WHAT IT DOES NOT DO

- It is a trial: no restaurant is equipped to date.
- It does not sell hardware. Filming a dining room requires a notice.

ORGANIZEN

Dining Room Watch

WHO DOES WHAT

The camera
The one you already have. It watches the tables.

The small box
It stays with you. The image never leaves the restaurant.

The team's phone
It gets the reminder. One button to confirm.

SET UP IN 3 STEPS

1. We look at your camera and your room. We draw the tables.
2. We install the small box. One outlet is enough.
3. The team gets the reminders on their phone.

TO SHOW IT IN 1 MINUTE

1. Show the drawn demo in the toolkit: the table that waits.
2. Show the reminder received and the Seen button.
3. Say it: this is a trial, no restaurant is equipped yet.

WHAT TO SAY

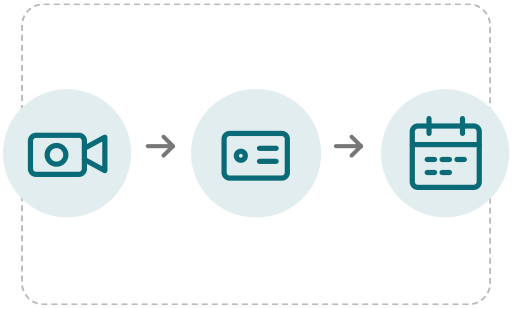

"A table that waits: you know before the customer does."

ORGANIZEN

Shop Watch

What is it?
A small box looks at your store camera’s image. It warns you when something is wrong.

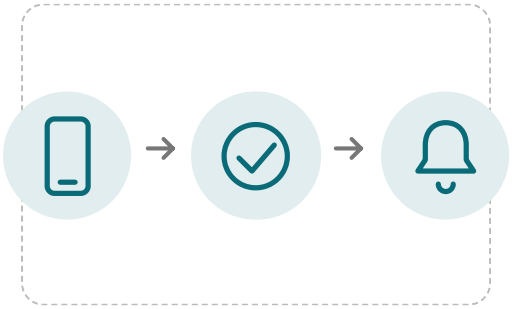

HOW IT WORKS

1 **We draw the zones.**
We draw four zones with you. We also note your hours.

2 **An alert goes out.**
Line too long, door open after closing, someone in the stockroom.

3 **You tap a button.**
You tap Seen, False alarm or Resolved.

WHAT IT CHANGES FOR YOU

- You know right away when there is a problem.
- No face recognized, no video kept.
- You keep the camera you already have.

WHAT IT DOES NOT DO

- It does not see the act of theft. It recognizes no face.
- It is a trial: no store is equipped to date.

ORGANIZEN

Shop Watch

WHO DOES WHAT

Your camera
The one you already have.

The small box
It watches the image on site. Nothing is kept.

Your phone
It gets the alert. You tap Seen or False alarm.

SET UP IN 3 STEPS

1. We draw four zones with you. We note your hours.
2. We install the small box near the camera.
3. The alerts arrive on your phone.

TO SHOW IT IN 1 MINUTE

1. Show the drawn demo: the door left open after closing.
2. Show the alert and the three buttons.
3. Say it: this is a trial, no store is equipped yet.

WHAT TO SAY

“When something is off, you know right away.”

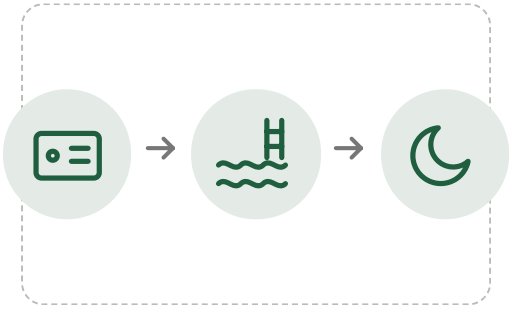

ORGANIZEN

Hotel and Campsite Watch

What is it?

A box watches the edge of the pool. It alerts the person on duty.

HOW IT WORKS

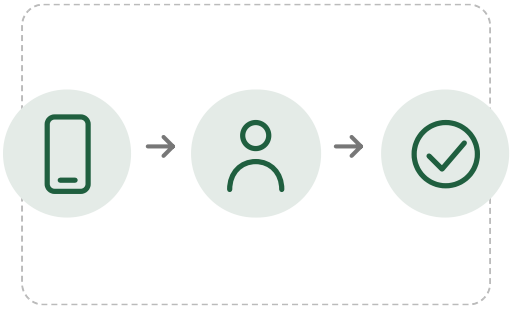

1 We draw the zones.

The box sits in a technical room. We draw pool, off-limits area at night, room.

2 It spots a problem.

A person enters where they should not. Or stays too long. Or is on the ground.

3 A human goes to look.

The person on duty gets the image of the moment. They go and look.

WHAT IT CHANGES FOR YOU

- It never decides alone: it alerts a human.
- The person on duty sees the image of the moment.
- No face recognized, no video kept.

WHAT IT DOES NOT DO

- It replaces neither the qualified person nor the mandatory pool equipment.
- Tested on test videos, not yet in a hotel.

ORGANIZEN

Hotel and Campsite Watch

WHO DOES WHAT

The pool camera
It watches the pool edge and the chosen areas.

The box
In a technical room. The image stays with you.

The person on duty
They get the image of that moment. They go and check.

SET UP IN 3 STEPS

1. We draw the pool, the no-go area at night, the room.
2. We install the box in the technical room.
3. The person on duty gets the alerts on their phone.

TO SHOW IT IN 1 MINUTE

1. Show the drawn demo: someone at the pool edge, at night.
2. Show the image received by the person on duty.
3. Say it: tested on videos, not yet in a hotel.

WHAT TO SAY

“It never decides alone. It alerts a human.”

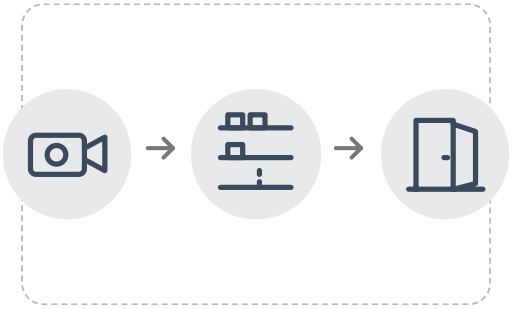

continued 2/2

ORGANIZEN

Pro cameras

What is it?
One camera and a small box. They send one clear alert to your phone.

HOW IT WORKS

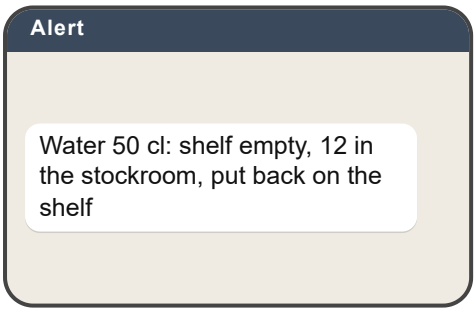

1 We choose where to look.

A shelf, a loading door, a building site, an archive room.

2 The box notices.

It sees an empty shelf or a door left open.

3 One clear alert.

You get a single alert that is easy to understand.

WHAT IT CHANGES FOR YOU

- Empty shelf, open door: you know right away.
- Possible with no power outlet: battery, solar or 4G.
- Often, your current cameras are enough.

WHAT IT DOES NOT DO

- Organizen sells no hardware. It tells you what to buy.
- No site is equipped to date. The link to the stock is set up during the trial.

ORGANIZEN

Pro cameras

WHO DOES WHAT

The camera
Often your own. If not, we tell you which one to buy.

The box
It spots the empty shelf or the open door.

Your phone
One single, clear alert.

SET UP IN 3 STEPS

1. Together we choose where to look.
2. You buy the recommended gear. We install it with you.
3. The alerts arrive on your phone.

TO SHOW IT IN 1 MINUTE

1. Show the drawn demo: the empty water shelf.
2. Read the alert with them. One sentence, no jargon.
3. Say it: no site is equipped to date.

WHAT TO SAY

“Empty shelf, open door: one alert, and it’s clear.”

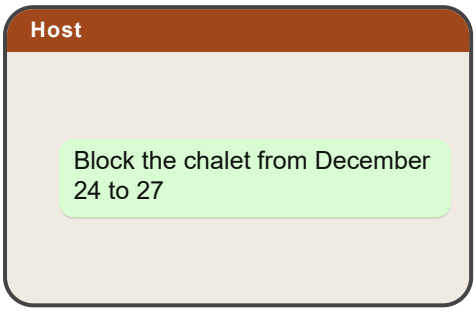

ORGANIZEN

The hosts’ calendar

What is it?

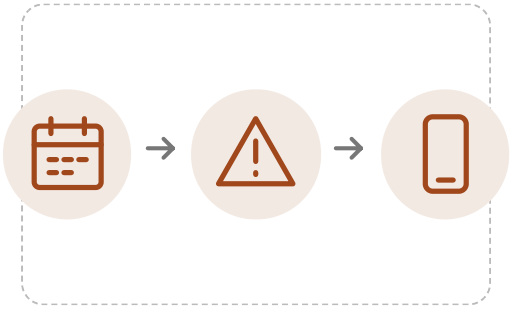

It is one calendar for all your rental sites. You run it from WhatsApp.

HOW IT WORKS

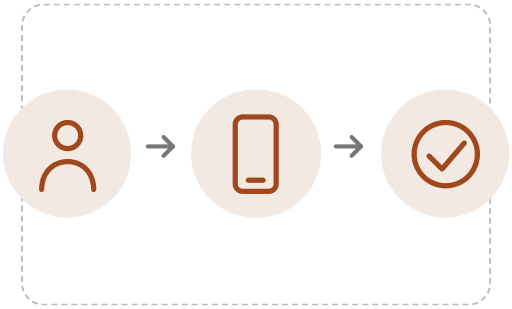

1 You write.

You write a simple sentence. You confirm with one tap.

2 An alert warns you.

Two sites sell the same night? The alert arrives right away.

3 You accept.

A traveler asks for a date. You tap Accept or Decline.

WHAT IT CHANGES FOR YOU

- You see all your dates in one place.
- Once accepted, the date closes everywhere.
- Arrival details go out 2 days before, to a confirmed traveler.

WHAT IT DOES NOT DO

- The sites re-read the calendar every 1 to 3 hours. A double booking is still possible.
- Prices stay on each site. Tested in simulation, not yet with a host.

ORGANIZEN

The hosts' calendar

WHO DOES WHAT

Your listings
Airbnb, Booking, Vrbo, others. Each one sends its dates.

Your WhatsApp
You block a date with one sentence.

The alert
Two sites sell the same night? You know it.

SET UP IN 3 STEPS

1. You give us the calendar link of each listing.
2. We link your WhatsApp.
3. You get the alerts there.

TO SHOW IT IN 1 MINUTE

1. Show the drawn demo: "Block the chalet from the 24th to the 27th".
2. Show the alert when two sites sell the same night.
3. Say it: tested in simulation, not yet with a host.

WHAT TO SAY

"All your dates in one place. You run them from WhatsApp."

continued 2/2
